# Introduction to AMC Service

Annual Maintenance Contract (AMC) service optimizes Tempcon chillers' performance. Choose from comprehensive or non-comprehensive AMC options tailored to your needs. AMC ensures hassle-free operations and reduced downtime through preventive maintenance, quick service response, and technical support from trained engineers.

# Benefits of Non-Comprehensive AMC

- Preventive maintenance at regular intervals - 4 visits per year
- Quick on-call service for prompt issue resolution
- Technical support from trained engineers
- Guaranteed supply of genuine spare parts (chargeable basis)
- Reduced breakdown periods and increased uptime
- Headache-free operations through proactive maintenance
- Cost-effective option for labor and basic maintenance

# Benefits of Comprehensive AMC

- Headache-free operations - Comprehensive AMC ensures hassle-free chiller operations without operational disruptions.
- Preventive maintenance at regular frequency - Scheduled preventive maintenance visits at regular intervals.
- Quick on-call service - Prompt service response and attendance when issues arise.
- Reduced breakdown period - Proactive maintenance minimizes breakdown periods and unplanned downtime.
- Technical support by trained engineers - Expert technical guidance from trained chiller service engineers.
- Manpower support - Additional skilled manpower provided for maintenance and repair tasks.
- Supply of main machinery components - Replacement of major chiller machinery components included.
- Comprehensive coverage for enhanced peace of mind - Complete coverage for worry-free, efficient chiller operations.
